

PosterBOX Module

Side illumination for single and double sided light boxes

PosterBOX Module features FanFlare technology which directs the light across the sign face with bright, even illumination. Designed for single or double sided light boxes, using only a few modules. PosterBOX module can be used for new or retrofitted signs replacing fluorescent.

- Illuminate single or double sided narrow cabinets
- Modules mount on returns of can
- FanFlare™ lens technology – directs light across the sign face
- Use for retrofit and new signs
- Constant Current Technology (CCT)
- UL and cUL recognized, CE, CSA Certified
- RoHS and WEEE compliant

Possible Applications

- Poster Box cabinets
- Menu boards
- Bus shelter signage
- Shallow cabinets
